

Orders of Life Association Membership Agreement

Statement of Purpose for Members of Orders of Life Association

We at Orders of Life Association trust and believe in the evident healing power and wisdom of the great soul, the far reaching back source from where life was passed on to us, regardless what the individual member is used to calling this force (Great Spirit, Universe, The Divine, God...)

We know that we are part of an ongoing interactive community (common soul) with all our ancestors – living or deceased - with whom we share, and are bound by, basic orders of existence and life. To be in accordance and unison with these orders of life allows for the flow of life forces to support, nourish and strengthen all members of a family system. Violations to the orders of life will inevitably affect either the present family members or entangle unknowing and innocent members of future generations to re-live, carry or balance out what remained unresolved in the common soul.

The goal of Orders of Life Association soul healing sessions is to bring to light violations to the orders of life that may hold the individual soul bound and entangled. Healing-oriented interventions, constellations and Movements of the Soul work, strictly phenomenological approaches in the tradition of Bert Hellinger are being utilized, whereby the deeper truths underneath the rationally controlled minds can come to light to be used as tools to resolve trans-generational entanglements. With great respect and reverence, honoring each family member's fate, the orders of life are restored. Thus, freeing the healing flow of life forces to nourish and strengthen all members of a family system, allowing healing movements to occur in the individual as well as the common soul.

The facilitator of this process understands his/her duty as a Minister in the original sense of the word: a servant and caretaker of the individual soul, the common soul of the family - in the service of the great soul as a whole.

In order to participate in the two-year professional training program offered by Orders of Life Association you must become a Member. This form - Membership Agreement, along with the Registration Form, Release of Liability and the Training Contract (terms and conditions of pledged payment) must be signed and returned for membership to become active. Once active, you are able to participate in the training session you have registered for, as well as any and all future events.

I have read and understand the above. I accept membership with Orders of Life Association. The membership is valid from June 22, 2003 through February 28, 2005 and for participation in all subsequent events.
